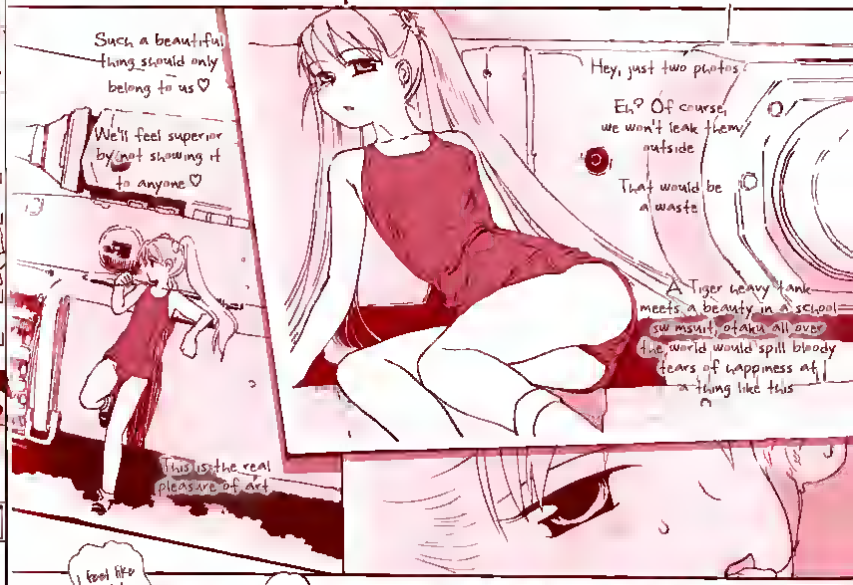
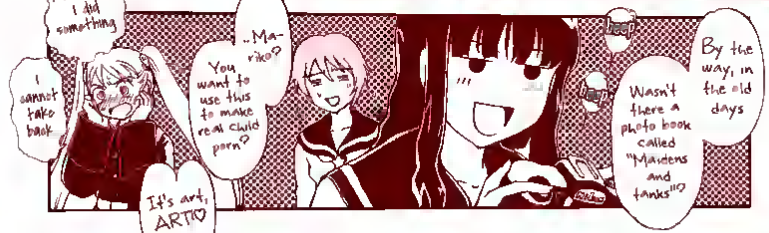
Are we doing it again?
All right...
SHUDDER
SHUDDER
Well? Won't you leave a bit more of your beautiful self with us?
Just what you'd expect from a member of the noble Peiper family
You're wonderful



Such a beautiful thing should only belong to us
We'll feel superior by not showing it to anyone
This is the real pleasure of art
Hey, just two photos?
Eh? Of course, we won't leak them outside
That would be a waste
A Tiger heavy tank meets a beauty in a school-swimsuit, otaku all over the world would spill bloody tears of happiness at a thing like this



I feel like I did something
I cannot take back
..Ma-rika?
You want to use this to make real child porn?
It's art, ART!

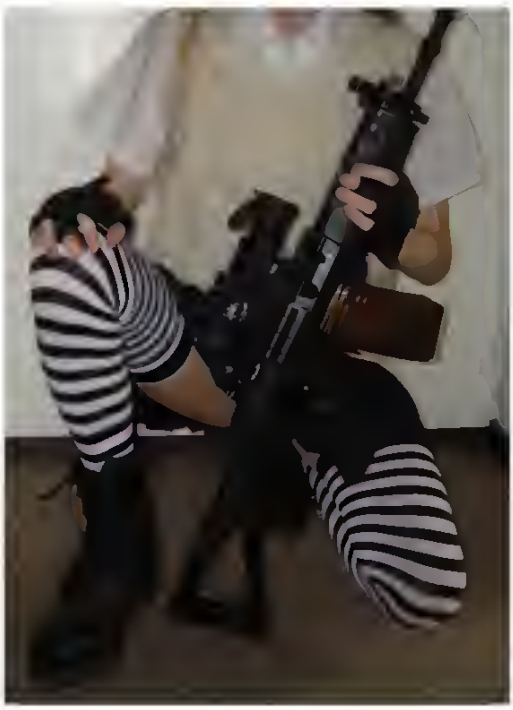
ATTENTION TO THE READER

In a world of compromises, some people put watermarks on their pages

But it doesn't matter, because our translations are the fastest ones out there Look at how cool our translator is if you send us money you will be that cool of an operator too And chicks will dig you

At /ak/, we stuck some translated text on a manga page, just like a bunch of other scanlating groups have done However ours is better, because we refuse to post it to any other sites than http://ak-scans.wikia.com and /a Because

Our wiki is the greatest wiki ever made It may be unorganized and have limited content, but that's your fault If you were a real operator you would love it once again look at our translator, that sig sure is cool isn't it?



Yeah, you know you want to send money to us

And by the way, check out our new website We decided that humans don't need to quickly read manga by webpages If you were a really manly teutonic operator, you wouldn't be bother by downloads plus we've tested the server to be able to take 100,000,000 requests at one time, and that was when the server was buried in a lake of molten lava, on the moon If you don't believe us, it is because you aren't a real operator

By the way, our cheap , mass-scanned manga are the best thing ever, and totally worth giving us lots of money, but not that cheap , mass-scanned, manga from other people, thats garbage not that it matters because you're not in our threads, so you will have to wait for your translations Because you suck, and we hate you, but we know you'll be back We can beat you down like a trailer park wife, but you'll come back, you always do

Give us money.

Sincerely,

/ak/ Marketing Department

My beloved gentlemen of the associations!
The dissatisfaction you're all feeling
has been felt deeply by myself, surging through my body all these years
Oppression from the student council with their scheming
Persecution from other clubs.
Alienation from common students.
Participation in various activities is rejected
Our clubrooms do not exist
We are forced out of general rooms
Budgets are not distributed
We lived on as we endured!
But today, a historical turning point is bestowed upon us!
It is clear to me that you can certainly succeed in this mission, just like our former senpai once succeeded in raising themselves to club status!
I am deeply moved by this historical moment!
There is only one vow in our chests!
That vow goes like this!
Whatever may come at us

FWHP!
FWHP!
SO SHALL WE STAND FIRMLY THROUGHOUT ETERNITY!
AS UNYIELDING AS WE ARE TODAY,
